Contributions: Manuscripts should be typewritten, double spaced, and the original copy should be submitted. Every effort will be made to return unused manuscripts, if request is made, but no responsibility can be accepted for failure to do so. Anonymous communications will receive no consideration whatever.

Manuscripts and news items of interest to the membership of the society are solicited.

Forms close on the first and fifteenth of each month. The early submission of material will insure more consideration for publication.

Published semi-monthly by the Chicago Dental Society. Publishing, Editorial and Advertising Office: 30 North Michigan Avenue, Chicago 2, RAndolph 6-4076. Annual subscription \$2.50; single copies 15 cents; circulation 5,500 copies.

SOUTH SUBURBAN

How many of you guys are looking for a good excuse to get away? How about going to San Francisco with our group from South Suburban. Speaking of SF, Henry Cupbon has been offered a free flight and expenses paid by the Navy as one of their representatives. Henry had been planning to go anyhow with Kingston and Simon of Harvey. . . . Pete Iagmin has the right idea, he and Lloyd Bettenhausen took off for a fishing trip in Wisconsin. Pete, in his own cute way, manages to take off right before the rush of children returning to school—it's a good one, I might even try it next year, at the present time I am reminded of Custer's famous words as he made his last stand; instead of *Indians*, I would say "Where are all of these #*&%** kids coming from?" . . . Carl Kinell has entered into holy wedlock and being a practical man is having the new Mrs. Kinell work in the office helping him out. Nice going, boy, and the best of luck to the both of you. . . . Harry Lees has himself a new associate, will have more details and name, etc., in the next issue. . . . Now for a more serious side. As all of you know we have been having our meetings at Chuck Cavallini's in Midlothian and for the most part have been very satisfied with the arrangements and the food. It has been suggested by the committee, after speaking with Chuck himself, that

we sit down to eat our dinner not later than 7:15 so that the kitchen can do its best by us and not inconvenience the hired help by dragging the meal out all hours of the nite. So if you guys will cooperate and be there on time, you will be getting all that delicious food served at its best and mostest. Just in case you all forgot, we are now meeting on the second Tuesday of the month. More on that later.—*H. C. Gornstein, Correspondent.*

NORTH SIDE

I have had the privilege and honor of getting a preview of the scoop I mentioned in my last column, through the Chicago Academy of Dental Research who are still experimenting and are reluctant to release any information until they feel certain that all the 'bugs' are removed and the process and apparatus are perfected. I believe this to be the most revolutionary advance in the entire field of tooth-cutting. It will be ready for the public (the dental profession) by the end of the year. I have been promised an exclusive release in this column, most likely in the November issue. . . . Jules Barrash has moved into his new home in Lincolnwood and is now a neighbor of Bill Semiloff. . . . Jack Block reports a very enjoyable trip to Yellowstone Park. . . . Hal Sitron was quite flattering. He tells me that he now picks up the FORT-

NIGHTLY to read this column even before he reads the editorial. He and his associate, Mel Schainis, who just returned from the army, have enlarged their offices and now have more elbow room. Hal reports that the Alpha Omega Fraternity will present a Citation Plaque to Alderman Cilella at the AO meeting at the Conrad Hilton on September 14th for outstanding work in the fight for fluoridation. This is the first plan to be adopted in a city of over 1 million population. All AO members please note. . . . Ken Penhale was away over the Labor Day Weekend and plans to attend the Oral Surgeons Meeting, preceding the ADA meeting in San Francisco. . . . Joel John will be away for a month, travelling thru Montreal, Quebec and the New England States. . . . Bob Lagorio went to Northern Michigan and will be away for about a month. . . . Joe Krohn, whose hobby is sailing, and a charter member of the Burnham Park Yacht Club, sailed his newest boat, *Harriet the Third* in the *Daily News*' Regatta on August 28th. . . . Brother Ben Krohn just returned from an extended tour through much of Europe, hitting art centers like Italy and France, etc., and has purchased many items for the Art Gallery he runs as a hobby. . . . Walter Nock just got back from a two-week vacation in Colorado, and is getting ready to go to the ADA meeting and then on to Hawaii. (When does he work?) I just caught him on the phone, right after he met with the Kiwanis, in a very jovial mood with a full stomach. . . . One of NS members, Howard Adelman, Chief Oral Surgeon at County, had the distinction (?) of taking care of a fractured jaw of Carpenter, the captured so-called killer. . . . Earl Elman visited the Cancer Clinic on the urgings of his wife. After the most thorough and complete examination he has experienced, they found nothing. Remember, we should all take advantage of this wonderful service which is purely diagnostic, they work with the patient's own doctor. His son Jerry, graduated from Summer Grammar School at the age of 12. The younger generation seem

smarter than we were. . . . Jack Langer is on his way to Canada, via Niagara Falls. Another honeymoon? . . . Joe Gordon celebrated his 19th anniversary on the 23rd of August and went away to Northern Michigan for a couple of days. Is this a second honeymoon also? . . . Bernard Spiro is also going to the ADA. . . . Herb Gustavson reports a very successful meeting at Madison, where Morry Falstein gave a masterful presentation on "The Advantages of Group Practice and How to Build One." John Anderson also attended. Herb is also scheduled to go to the ADA meeting. The Peterson Clan had their Golf Tournament in Northern Mich. . . . Ray Orsinger is back at work, still a bit under the weather, but it's good to know that he is on the job again. . . . Manley Elliott is being seen sporting those 'classy' sport shirts he picked up in Miami. Resembles Geo. May. Roland Urelus still likes to play around with motorcycles. Now with the children growing up, we wonder when friend wife will put a stop to it. . . . Our condolences to Leo Swoiskin on the loss of his brother-in-law. . . . Morry Falstein also is going to the ADA. I understand he has been requested to give a projected clinic on the use of loose teeth as abutments for fixed and removable bridgework. The association of Falstein, Gerstein and Morrow has a new addition, Ralph D. Berenson. This group is now working on a series for the Midwinter Meeting, on the co-related use of Periodontia and Endodontia in the use of loose teeth in restorative work. Can't say our NS boys are not on the ball! . . . Your correspondent will be away for the month of September, on an extended tour of the West, winding up in Los Angeles to visit his first grandchild. This column will not be neglected as we have secured the very able services of Will Gordon for the next one (Oct. 1st) and Warren Gerber for the one after that, (Oct. 15th). I expect to bring back some reports of the dental clinic plans operated by the trade unions in California, which I understand are operating well and are expanding. . . . Joe Gordon

MONTHLY MEETINGS

On September 27th, the first monthly meeting of the Society will have as its speaker, Dr. Earl Pound, an outstanding essayist of international prominence who will present a paper on Full Dentures and it is hoped that the attendance will exceed the usual 10% which attend monthly meetings. The question is asked month after month, year after year, *why the small attendance*. Certainly it cannot be the quality of the essayists for they are chosen from the best the country affords; certainly it cannot be the meeting place for it is as central as any place might be, with every means of transportation available. There is only one reason and that is you and I who do not make a real effort to attend. Surely it means an expenditure of time and effort, it means closing shop the night of the meeting, it may mean passing up some other activity, but it will all be very rewarding. It will be an opportunity to grow professionally by sitting at the feet of the best our profession has to offer, an opportunity to gain some small bit of information whereby we can better serve our patients and make our daily work easier and more efficient. A chance of fellowship with members of our profession, a chance to talk shop, to exchange ideas and, above all, a chance to keep abreast of the times.

You, you and I, are the Society and when the Society fails to measure up, it is because we have failed in our responsibility to it. You will get no more out of your Society than you are willing to put into it, so if you expect big things from it, give generously of your time and yourself and big things will happen.

Start doing things in a big way by marking that appointment book with the dates for the year's meetings and you will be the richer in knowledge, ideas, and fellowship when next May rolls around. The meeting dates appeared on the announcement page along with the programs in the September 1st issue. Look it over and then determine to attend every meeting. Invite your neighbor, your classmate, get four or five fellows to join you at dinner and then attend the meeting together. Do it for this first meeting and you will be surprised what a helpful habit it will become. You will be better off and so will the Society.

We know now, a week before our regular publication date for this issue of the *Fortnightly Review*, that it's going to be late. And that hurts for we pride ourselves on our technical excellence and being on time. But this is the issue with the branch committee lists. Our deadline for those lists was July first. After even more than the usual amount of letter-writing in reminder and pleading on the telephone the lists were finally completed and in the Society office on August thirtieth! Enough said?

DENTURES

Tuesday, September 27th at 8:00 p.m.

(No October meeting on account of A.D.A. Meeting)

DR. EARL POUND

of the

University of Southern California, Los Angeles

will present

“FUNCTIONAL, ESTHETIC, and PHONETIC DENTURES”

Dr. Pound, an essayist of world-wide eminence, serves as a member of the Faculty of the University of Southern California Dental School in the Post-graduate Division, is President-elect of the Pacific Coast Society of Prosthodontia, Program Chairman of the American Denture Society, and the author of many articles and essays on Full Denture Construction.

This distinguished essayist brings to the Chicago Dental Society's first program of the season a new and fresh approach to a problem which confronts every one of us who attempts to replace the natural dentition.

Begin the new year of programs by collecting a big dividend, one of the many that membership in the Chicago Dental Society pays.

NEWS OF THE BRANCHES

(Continued from page 6)

reports that he was in Saugatuck, Michigan, for a few days and went square dancing. I guess he is learning as I did that it's quite strenuous. He also tells me that the Bryn Mawr Athletic and Social Club (Kadens, Sudakoff, Semiloff, Parkin, himself and Earl Elman, Associate Member), meet regularly and are keeping up their physical and social morale. . . . The Uptown Forum has a movie on Marilyn Monroe scheduled for its next meeting on the 26th. Is it her teeth that they are so interested in? Joe tells me that he was visited by a City Inspector, who is going throughout the City, inspecting all air-conditioning units installed in windows, at a \$5.00 yearly fee for each unit. This is in addition to the previous \$8.00 original installation inspection. Henry Parkin was at the Dells over the Labor Day week-end. . . . Bernie Perlman, our Insurance Committee Chairman, at our first regular meeting, plans to give a complete report, and his committee will certainly take into consideration any gripes or suggestion from the membership. . . . Murray Hoffman is commuting regularly to and from Union Pier, where his family is spending the summer. . . . Ernie Gillis, Chairman of the Dinner Committee, reports that all arrangements are made for some very excellent dinners which will precede our regular meeting nights. The price is still the same as last year, \$12.00 per season ticket, which covers any four out of the five regularly scheduled meetings includ-

ing Clinic Day. It will cost you \$3.75 without the season ticket. Please phone Ernie Gillis, Chairman, at LO 1-4113, or Clif Alsin, Vice-Chairman, at CE 6-1017, for tickets immediately, so that we know in advance for how many the chef can prepare. If we want good dinners, we'll have to co-operate with the chef.—*I. H. Shapiro, Correspondent.*

WEST SIDE

On the hottest day of the year when the mercury in the thermometer was bubbling around the hundred mark, that jolly old tar Pop Rakow corraled ten beat, bedraggled West Side members and took off for Kenosha. There Captain Mike DeRose, with the aid of Purser Leo Cahill and Cabin Boy John Reilly, had his cabin cruiser all iced up and set for a cruise. It was smooth sailing along the beautiful North Shore to Milwaukee where the temperature was 20 degrees cooler. However, on the return trip a brisk northern breeze whipped up some pretty fancy whitecaps. The good ship *Nicoli* did an exhilarating rock an' roll under the guidance of Helmsman Bob Tuck. Lookout George Walls didn't duck fast enough and got a good soaking from head to foot. Back on good old terra firma the group was revived by the aid of a few liquid stimulants and stowed away a luscious thick steak dinner with all the trimmings dished up at the Kenosha Yacht Club. The honored guest, State Senator Nicholas Caruso, who took an important role in the defeat of the late unlamented denturist bill, proved to be a

smart politician. He did not make a speech. It was a grand day and the group voted Captain DeRose a good skipper and Admiral Rakow a top promoter.—

WEST SUBURBAN

Kick-off Time: West Suburban's first meeting, Oct. 11th, Tuesday evening, fellowship hour 6 to 6:30 p.m., dinner 6:30, program 8:00, the essayist will be Dr. Clyde Stroup of Fairfield, Ill., who will talk on "Development of Office Procedures for the Education of Dental Patients." *The place of meeting is new this year.* We now meet at Riverside Golf Club which is at about 2400 South Desplaines Road in Riverside. Look for the sign on the west side of the road. . . . Second meeting notice for the West Suburban Study Club—Thursday, Sept. 22 with dinner at 6:30 in the Stone Cottage at Rt. 83 and North Ave. in Elmhurst—Speaker, Bob Atterbury of Oak Park on "Intermediate Oral Surgery." . . . The West Suburban Round Table's first meeting will be at the Oak Park Club, Oak Park Ave. and Ontario St., on Monday, Oct. 3rd, at 12 noon for lunch. Subject: Dr. Earl Pound's film of his Denture Procedures. This should be real helpful after hearing him at the C.D.S. meeting on Sept. 27th. Al Macaluso, Program Chairman, has spent much time with the procedure and knows all the answers. . . . So Ione Kral had a very narrow escape with "The Reaper." A truck driver either fell asleep or blacked out

and the oncoming vehicle sent Ione into the ditch, but even then she and the other occupants of her car were lucky to be alive. She will be confined to her bed for some time yet. We wish her a complete recovery. The lady golfer, Mary Newell, is now a West Suburban member, we are justly proud of her transfer. . . . John Hauff and son, Bob, are spending a week trout fishing at Baldwin, Michigan. John is getting ready to move into his new air-conditioned home in River Forest. Here's another fellow who has expanded, and has a house for sale in Oak Park. Six-room brick Georgian he calls it. . . . That guy Leo Pasquini is in print again, not as a hobby photographer but this time as a ham radio man. Bet he has no cans buried in his back yard. He lives it up. . . . Art Skupa said good-bye to his old office this week. He'll be at the Illinois University School of Dentistry full time. We'll miss him, but the students will have a grand understanding teacher. . . . Paul Topel had a week in the hospital with an operation on his neck. Says he's much better for the experience. . . . Another man with a new building is Dean McNeil of Glen Ellyn. . . . Joe Brophy and family spent some time at Brown's Lake in Wis. The building his office is in now has a face-lifting so Joe has decided to stay on Madison St. . . . Herman Roe and family made a circle tour of New York and Canada. Bill Tolar played soldier at Fort Riley for two weeks. . . . Matilda White played at gardening as usual while Bill was gone. . . . The State Society is sending Bill to

a conference on Veteran-Medical relations at Indianapolis this month. . . . Syl Cotter has moved to a new home in La Grange. . . . Ken Lambert keeps busy when pancake day comes around at the La Grange Kiwanis. . . . Tony Francel and Clem Shockey will be in the same bowling group during the coming season. . . . Foster and Mrs. Robeson had a fine trip to Toronto and around the lakes. . . . Mark Low and family were at Lake Louise and Banff. . . . Ray Towarnicki is soon to move into a new ground-floor office in Franklin Park on Grand Ave. . . . Another first for Bill Fellman was his airplane piloting while on vacation. . . . Wayne Dunnom has moved his home address to Arlington Heights. . . . The boys on Marion St. still are taking bets on what Quentin Mangion carried in the little black bag.—*Bob Pollock, Branch Correspondent.*

KENWOOD-HYDE PARK

Right now is the time to get down to some serious thinking and planning on the coming year at Kenwood. Our meetings have been carefully planned to take a hypothetical patient, in trouble, through all of the stages of operative dentistry. At our first meeting on October 4th, Dr. Charles Maurice will speak on "Oral Diagnosis" with particular emphasis on the differential diagnosis of pain, this is of particular importance because our patient has presented himself with a problem. Graham Davies will follow Dr. Maurice with an interesting dis-

cussion on the possible legal liabilities which may be encountered in the practice of dentistry. The following meeting will enter into case presentation. . . . Clint Fisher has promised to bring a box of cigars to the first meeting. Mrs. Fisher presented him with a 7-lb., 9-oz. boy on August 13th. This beats Warren Lutton's report of a few months back, because it really happened this time. Clint is going to take a week off to recuperate and check formulas with Leo Mastorakos. . . . A little birdie told me that "Mac" (by the way, what is your first name???) McNulty has been invited to spend some time with one of his classmates who struck oil down South. . . . Spotted Bill Humble riding around the neighborhood in a new "Olds" 88; mighty nice looking, Bill. . . . Jesse Carlton's daughter was married on September 24th. . . . Rudy Grieff took a trip to Rhinelander, Wisconsin over Labor Day to rest up and prepare his opening address at our first meeting. . . . Asher Sherow went to Alabama to visit with relatives and enjoy a rest. . . . Stan Korf has been spending his summers right in his own back yard, so what happens, he is discovered by the *Tribune* with pictures and everything.—Don't those half-page ads in the *Trib* come rather high, Stan??? . . . Willard Johnson spent a weekend in LaSalle, Illinois, where he saw one of our old Kenwood members, Art Rolander, who looked well and happy and asked to be remembered to his old friends. Willard was only two blocks away when one of the propane tanks went off in the spectacular fire in Whiting, Indiana, it was quite an experience but Willard says he would rather have read about it. . . . Jack Moran has stopped wearing the green—he switched to black when yours truly beat him firmly in a fiercely fought 18-hole match. . . . Bob Kreiner is at it again, he took off for Minocqua, Wisconsin and a little fishing. . . . Elmer Ebert and his family are vacationing in the Lake-of-the-Ozarks country. Have a wonderful vacation, Elmer! . . . Bob Pinkerton has gone into the fabric-testing business. Bob accidentally

spilled some hydrochloric acid on a brand new suit, and reports that the stuff will eat through anything.—Howard J. Harvey, Branch Correspondent.

ENGLEWOOD

The program chairman, Henry Mathews, reports that our October meeting will feature Dr. Waldemar Link of Chicago who will give an essay and movies on "Amalgam Manipulation." Dr. Link reiterates the claim that "a good amalgam restoration is better than a good inlay." . . . Al Bailey is a proud papa for the first time—brand new baby daughter. Al followed my suggestion and learned to water ski this summer. He and John Guldán are seriously considering a Cris-Craft (30 footer!!!) that Al has lined up—what a beautiful thing to be stuck with. . . . Ted Vermeulen is having trouble because of the city-wide roofing strike, but still says his new building will be ready in November—you going to put the roof on yourself, Ted? . . . Elmer Ziemer drug his whul dern family up to the Dells, Wisc., Aug. 22-29. . . . "A. G." Person has had his tribe staked out at their summer home in Sawyer, Mich. all summer, and joined them on Aug. 27 to stay through the Labor Day week-end. . . . The Study Club committee met at Bob Straub's office to get the two active groups started on the new season, and they decided to reactivate a third group. Due to the many requests, and since the number to be accepted is limited, contact Bob Straub (RA. 3-3169) on or before Oct. 1st. . . . Congratulations to J. J. Hogg. He finally has that son to go along with his two daughters. . . . The following celebrities (both Englewoodenheads) appeared on Dr. Mortimer Neimark's Dental TV Program. Dr. Henry Mathews on Sept. 7, and Dr. Case Kowal on Sept. 12. . . . Thanks to Ed. L. Moran of Kenwood-Hyde Park for informing us that William A. Rowan suffered a coronary attack while at lunch on Aug. 22nd. He is now at Franklin Boulevard Hospital for a few weeks of rest, and will welcome calls or
